

The Public Health Agency and partners hosted the fourth Public Health Annual Research and Practice Conference on Wednesday 8 June 2016 at Riddel Hall, Stranmillis Road, Belfast.

The full programme is available here [Public Health Conference prog june 2016](#)

Dr Carolyn Harper, Director of Public Health, delivered the main presentation entitled the economic case for prevention, is available [here](#)

All other presentations are available for download below for a limited period.

The Theme:

An ounce of prevention is worth a pound of cure.

Why attend?

Be informed – network – discuss – get new ideas.

Who should attend?

Multi-sectoral, Multi-disciplinary Professionals, Practitioners and Researchers working in the broad field of Public Health.

This all day conference will consider the value of public health interventions in economic, social and environmental terms.

Partner organisations:

Queen's University Belfast, The Centre of Excellence for Public Health, Northern Ireland, Northern Ireland Affairs Committee of the Faculty of Public Health, NI Council for Voluntary Action, Royal College of General Practitioners, Royal College of Nursing, Ulster University, NI Association for Mental Health, Institute of Public Health in Ireland, Equality Commission for Northern Ireland, Chartered Institute of Environmental Health, Disability Action, Northern Ireland Environment Link, Community Evaluation Northern Ireland.
