

Dr. Aideen Keaney

Health and Social Care Quality Improvement (HSCQI) Northern Ireland is a Quality Improvement (QI) Network whose purpose is to provide a supporting infrastructure for quality, improvement and innovation across the NI HSC system.

Working on the principles of: Learn together, Share together, Improve together, HSCQI is focused on building will, relationships, collaboration and connections across system and professional boundaries.

HSCQI aims to empower clinicians, professionals, support staff and service users, to participate in QI across the NI HSC system. The HSCQI is based in the Public Health Agency and Dr. Aideen Keaney is the Director of the HSCQI Hub and Network.
