Title of Café Chat session	The Regional Weigh to a Healthy Pregnancy Programme (PHA, HSCT's and Academia) and Telehealth Weight Monitoring .
Summary of project	<p>The main aim of the WTHP project is to deliver an intervention within existing maternity services to limit gestational weight gain in women with a BMI\geq40.</p> <p>The introduction of the remote telemonitoring uses technology to provide a service that enables the pregnant women to check their body weight, at home on a weekly basis and to have that information monitored centrally by trained the WTHP Trust teams.</p>

Presenter name SOUTHERN	Mandy Gilmore
Contact	Mandy.Gilmore@southerntrust.hscni.net
Designation / Role	Head of Nutrition and Dietetics, SHSCT
Title of Café Chat session	Health Call Undernutrition service - Helping the Nutrition and Dietetic service meet the changing needs of the health & social care
Summary of project	<p>This is an ongoing pilot of a remote monitoring service for 14 Care Homes in the Southern Trust area. Adult patients identified at risk of malnutrition and those prescribed oral nutrition supplements are monitored via an online web based system. This system alerts the dietetic service if responses fall outside pre-determined parameters relating to patient's weight change, appetite and compliance in taking nutrition supplements. Initial evaluation is showing an improved efficiency and effectiveness of the service.</p>
