Allied Health Professionals work with all age groups and conditions and are trained to assess, diagnose, treat and rehabilitate people with health and social care needs. They work in a range of settings including hospital, community, education, housing, independent and voluntary sectors.

This paper sets out the definitions and guidance necessary to ensure that there is a common and clear understanding of the maximum waiting time standard for Allied Health Profession (AHP) Services, as set out in the 2015/16 Ministerial Target. This updated guidance replaces the April 2011 AHP Definitions.
