

The Communications and Knowledge Management function, within the Operations Directorate, is overseen by Stephen Wilson, Assistant Director of Communications and Knowledge Management.

## **Communications**

- looks after development of the PHA's internal and external communications functions;
- undertakes work to meet the communications requirements of the PHA;
- comprises a multi-disciplinary team including specialists in publications development, web content, design and electronic communications, public information campaigns, and public and corporate affairs that includes public relations and corporate communications.

## **Health Intelligence**

The Health Intelligence unit within the PHA consists of a core team with skills in the following areas:

- information analysis, interpretation and presentation;
- survey design and analysis;
- evidence reviews;
- primary research design and implementation;
- developing briefs for market research/consultancy companies;
- developing topic specific briefing documents for PHA and its partner organisations;
- evaluation expertise.
