**Guidelines for the Provision of Temporary Drinking Water Supplies
at Events in Northern Ireland**

1/06/2019

This guidance is intended for use by organisers of events such as music festivals or agricultural shows where a temporary water supply may be required. It applies to all events that may require a connection to a new water supply as well as events that may require a connection to an existing supply, e.g. annual events taking place on the same showground.

Details

Format

A4, 29 pages, PDF

Target group

Organisers of events such as music festivals or agricultural shows
