## [Population Health and Wellbeing](#)

The third Annual Quality Report of the Health and Social Care Board (HSCB) and Public Health Agency (PHA), launched on 10 November 2016, highlights the HSCB and PHA commitment to ensuring safe, high quality services and putting patients, clients and their carers at the centre of everything we do. We continually look to adopt best practice, drive innovation and most importantly learn and improve when we do not meet the high standards that we have set for ourselves. We remain focused on modernising how our services are delivered, ensuring that they are responsive to the needs of a changing population.

The report highlights the broad range of work undertaken by both HSCB and PHA during 2015/16. While it is impossible to include information about every service the HSCB and PHA provide, nevertheless it is our hope that this report goes some way to reassure our patients, clients and the public of our commitment to ensuring safe, effective and high quality care. The report has been structured around the core Quality 2020 themes:

- Transforming the culture;
- Strengthening the workforce;
- Measuring improvements;
- Raising the standards;
- Integrating the care.
