

# **Advice for communities, groups and schools on public memorials following a sudden death that is a suspected suicide**

This guidance is for communities, groups and schools who have lost someone they know to suspected suicide. It is intended to encourage consideration of the bereaved family and to offer guidance on reducing the impact of memorials on other vulnerable people in their community. It was developed by experts in the field of mental health and suicide prevention, and is based on worldwide evidence and research aimed at reducing the risk of further suicidal behaviour.
