Involving you, improving care

# **Regional Health and Social Care Personal and Public Involvement Forum: Annual Update Report 2017/18**

Personal and Public Involvement (PPI) is about the active and meaningful involvement of service users, carers and the public in Health and Social Care (HSC) and an essential component in the delivery of truly person-centred services. It is also a statutory duty. The PHA as part of its leadership responsibilities for PPI has established and chairs the Regional HSC PPI Forum which brings together all HSC organisations, working alongside service users and carers, to bring a focus on involvement.
