

Access to Health Services - Information for visitors to Northern Ireland

The Health and Social Care Board and the Public Health Agency have produced a new guide for visitors to Northern Ireland who wish to access health services.

The nine-page document covers entitlement to services, emergency treatment, the role of pharmacists, how to access GP services, GP Out-of-Hours arrangements and dental services.

Phone numbers and addresses have been included for key Trust sites along with clickable links which take readers direct to relevant information including, for

example, the pharmacy on-call rota.
