

Please note this page is currently being updated.

Leaders from a range of medical and nursing professional groups have published new guidance on personal protective equipment (PPE) for health and social care staff who are likely to come into contact with patients with COVID-19.

The guidance has been agreed by the four UK Chief Medical Officers, Chief Nursing Officers and Chief Dental Officers in the UK and endorsed by the Academy of Medical Royal Colleges and is applicable in all parts of the UK.

The guidance can be found here:
