Please note the advice on self-isolation for close contacts has changed. Please see [here](#) for more information.

The most up to date information on restrictions is available [here](#).

Everyone can help stop COVID-19 spreading by:

- Avoiding touching your face and washing your hands as soon as you get home.
- If you go outside stay 2 metres (6ft) away from other people as much as possible.
- Wearing a [face covering](#) in enclosed spaces where social distancing is not possible.

Remember, you can spread the virus even if you don’t have symptoms.

[A covid-19 symptom checker is available here.](#)
