

- Notes
1. Screening is contraindicated or not appropriate in these circumstances.
 2. Screening outcomes: BCR - clear response in both ears
NCR - no clear response in one or both ears
 3. Refer for appropriate audiological assessment where there is any parental or professional concern.

65/10

Newborn hearing screening protocol - babies in neonatal or special care baby units

This flowchart for healthcare professionals shows the protocol for babies in neonatal or special care baby units from the Newborn Hearing Screening Programme in Northern Ireland. There is also a flowchart for well babies.

For more information, access [Newborn screening page | HSC Public Health Agency](#).
