

STI surveillance in Northern Ireland 2021

An analysis of data for the calendar year 2020

Improving Your Health and Wellbeing

Sexually Transmitted Infection Surveillance in Northern Ireland 2021. An analysis of data for the calendar year 2020

This report aims to provide an overview of STI epidemiology in Northern Ireland by collating and analysing information from a number of sources. Although it reflects epidemiological trends over time, its main focus will be on data collected in 2020.
