

The Public Health Agency's 'Talking really helps' mass media campaign is running again in February and March 2025. The campaign was developed in March 2022 and last ran January-March 2023.

The aim of the campaign is to encourage openness and talking in relation to feelings of anxiety, distress or crisis, increase help-seeking behaviour and reinforce the concept of recovery. The campaign promotes Lifeline, Northern Ireland's crisis response helpline.

See the [briefing newsletter](#) for further information. Please help promote the campaign by sharing the assets below via your own communication channels.

## **Television advertising (for viewing only)**
