

Protect Life 2: Postvention

Public consultation on services for individuals who have been bereaved by suicide.

PHA recognises the importance of reviewing current services for individuals who have been bereaved by suicide and most importantly listening to the views of service users, families, local communities and organisations delivering services to ensure an appropriate service model.

This is an opportunity to have your say on the provision of services for individuals who have been bereaved by suicide. This consultation will be open for 12 weeks from 16 January 2023 until 9 April 2023.

There are a number of ways to get involved. You can participate in an engagement event (details below) either online or in person, or complete an [online survey](#). This survey will be available for 12 weeks from 16 January 2023 until 9 April 2023.

An easy read version of the consultation survey is also available [here](#).

A new service for people who have had someone close to them end their life by suicide
