Introducing Northern Ireland's new model of maternity care

The leaflet provides details of the newly introduced maternity care model Continuity of Midwifery Carer. It should be shared and offered to the future parent as one of the maternity care options available in Northern Ireland.

Please scroll down to download the leaflet.

Additional information

For your information, details of the initial announcement and posters circulated to clinics and hospitals:

- <u>New model of care for pregnant women in Northern Ireland | HSC Public Health</u> Agency (hscni.net)
- <u>Continuity of Midwifery Carer Posters | HSC Public Health Agency (hscni.net)</u>
