[Health Protection](#)

The poster is titled "Think MEASLES" in large, bold, white letters on a red background. At the top right is the HSC Public Health Agency logo. Below the title, the text "Measles is highly infectious and can be spread easily." is followed by three action points, each with a red checkmark icon: "Isolate" (Patients with suspected measles must be isolated to protect vulnerable people.), "Check MMR vaccine status" (Has the patient had both doses?), and "Notify" (If measles is suspected, notify the Public Health Agency on 0300 555 0119. Out of hours, contact public health on-call.). To the right, a box titled "Symptoms of measles are:" lists six symptoms, each with a red icon: Temperature (thermometer), Runny nose (nose), Cough (coughing person), Feeling unwell (person sitting down), Conjunctivitis (eye), and Rash (person with rash). At the bottom left is the "i mmunisation" logo with the tagline "Protect your life. Protect yourself." and at the bottom right is the text "Information for health professionals" and the website "www.publichealth.hsc.ie".

Think

MEASLES

Measles is highly infectious and can be spread easily.

- Isolate**
Patients with suspected measles must be isolated to protect vulnerable people.
- Check MMR vaccine status**
Has the patient had both doses?
- Notify**
If measles is suspected, notify the Public Health Agency on 0300 555 0119. Out of hours, contact public health on-call.

Symptoms of measles are:

- Temperature
- Runny nose
- Cough
- Feeling unwell
- Conjunctivitis
- Rash

i mmunisation
Protect your life. Protect yourself.

Information for health professionals
www.publichealth.hsc.ie

These posters are intended to prompt health professionals to be alert for the symptoms of measles and remind them of the actions they should take if a patient has measles.

If you or your child have not had two doses of the MMR vaccine, you could catch measles.
