# MEASLES

Measles is highly infectious and can be spread easily.

- ✓ **Isolate**  
Patients with suspected measles must be isolated to protect vulnerable people.
- ✓ **Check MMR vaccine status**  
Has the patient had both doses?
- ✓ **Notify**  
If measles is suspected, notify the Public Health Agency on 0300 555 0119. Out of hours, contact public health on-call.

Symptoms of measles are:

- Temperature
- Runny nose
- Cough
- Feeling unwell
- Conjunctivitis
- Rash

**i**mmunisation  
Protect your child. Protect yourself.

## Think measles - health professionals

These posters are intended to prompt health professionals to be alert for the symptoms of measles and remind them of the actions they should take if a patient has measles.

If you or your child have not had two doses of the MMR vaccine, you could catch measles.
