Nursing

The image shows the front cover of a leaflet. At the top, the HSC Public Health Agency logo is visible. The title 'Pressure ulcer risk assessment and risk factors' is prominently displayed in large white text. Below the title, a sub-section 'Information for midwives' is underlined. A large, clear photograph of a smiling woman with blonde hair tied back is centered on the cover. The background of the cover is a solid blue color.

This leaflet is to advise on the importance of tissue viability as an aspect of ongoing risk assessment at every contact with women throughout pregnancy, labour and the postnatal period.
