Notes: *Due to the COVID-19 pandemic, all education settings were closed from 23 March 2020 and delivery of 2019-20 immunisation programmes was paused, in line with UK Government COVID-19 guidance. This has had a significant impact on coverage of the HPV vaccination programme in the 2019-20 and 2020-21 academic years.

** From September 2019 the HPV vaccination programme was extended to males aged 12-13 years old. This is the second year that HPV vaccination coverage in Northern Ireland has been presented for both males and females.

Annual HPV vaccine coverage in Northern Ireland: 2020-21*

HPV vaccine coverage data of first and second dose for year 10 at August 2021

Vaccination coverage by end of year 10, females (13-to-14 year olds) completing year 10 in June 2021

Area	Total no. of females in cohort	1 dose		2 doses	
		Number	%	Number	%
Belfast	2,685	2,360	87.9%	1,675	62.4%
South Eastern	1,829	1,587	86.8%	1,365	74.6%
Northern	2,752	2,447	88.9%	2,286	83.1%
