

# Case study

## Contact Details

Name .....

Telephone number .....

E-mail .....

**Title of project** (please include area postcode of project)

**Why was this project undertaken?** (did you identify an area of low uptake or a population group / community with low vaccine uptake? Include details of the area targeted and any reasons identified for low uptake)

**What was planned?** (who did you work with e.g. partnering with local business or community groups, how did you promote it e.g. own social media, linking with other community networks)

**What went well?**

**What was the outcome?** (if possible include numbers vaccinated by dose e.g.1st, 2nd, booster?  
Are there any future plans – was it a one-off intervention or are there plans for regular clinics?)

**What would you change if you were planning this event again?**

**Is there any other information you would like to add?**

**Please include any pictures / promotional materials you may have**
