Western	2,196	1,602	73.0%	^	^
<b>Northern Ireland</b>	<b>13,428</b>	<b>8,711</b>	<b>64.9%</b>	<b>427</b>	<b>3.2%</b>

**Source:** Northern Ireland Child Health System

**Notes:** \*Due to the COVID-19 pandemic, all education settings were closed from 23 March 2020 and delivery of 2019-20 immunisation programmes was paused, in line with UK Government COVID-19 guidance. This has had a significant impact on coverage of the HPV vaccination programme in the 2019-20 and 2020-21 academic years.

\*\* From September 2019 the HPV vaccination programme was extended to males aged 12-13 years old. This is the second year that HPV vaccination coverage in Northern Ireland has been presented for both males and females.
