Footnotes:

Data from 1995-1998 are based on laboratory reports of *N. meningitidis*.

Data from 1999-2022 are based on Enhanced Surveillance of Meningococcal Disease notifications validated with laboratory reports.

Due to confidentiality cells with a value between 0 and 4 are suppressed. In addition, where the suppressed cell can be deduced from the totals, the next smallest cell will also be suppressed.

* 1 case was untyped
