Your walking book

What is 'Step by step'?

'Step by step' is a fun idea to help you get walking in a group, with a friend or on your own.

You will use a step counter which will tell you how many steps you have walked over the whole day.

You will write these steps into your Step Diary.

Do you know that walking regularly is good for your health?

- Walking makes your heart stronger

- Makes your muscles stronger

- Helps you sleep better

- It can also help you to lose weight

- Walking makes you feel happier

- Meeting people can brighten your day and lift your mood that day

How many steps should you take a day?

Wear your step counter all day not just on your walk. Then you will really see your steps build up!

★	★★	★★★	★★★★	★★★★★	★★★★★★
Below 2,500	2,501 – 4,000	4,001 – 6,000	6,001 – 8,000	8,001 – 10,000	10,000 plus
Good start	Getting better	Doing well	Nearly there	Excellent	Wow
Go for more!	Well done!	Keep going!	Go for it!	Push on!	Keep it up!

There are some things you need to think about before you go for a walk

What do I need to take with me on my walk?

- Drink

- Suitable clothes

- Sensible shoes

- If you are due to take any medication at the time of your walk, remember to take it with you

Check the weather conditions before going for a walk

If it is sunny, you will need to take with you

Sunglasses

- Sun tan lotion

- Hat

If it is raining, you will need to take with you

- Rain Jacket

- Umbrella

If it is cold or snowing, you will need to take with you

Scarf

Gloves

Hat

Warm boots

Where are you going for your walk?

- Plan your route

- Tell someone where you are going

Follow the **Green Cross Code**

- Stop
- Look
- Listen

During your walk why don't you...

- Look at the number of steps you have taken on your step counter

- Talk to others in your group during your walk

- Stop to look at the trees and look at how the colours change in the spring, summer, autumn and winter

- Look out for different animals along the way

- Have a drink of water when you need to

All about me!

Use this space to record your details at the **start** of the programme. When you have finished 'Step by step' you can see if there are any changes to your weight or the size of your waist.
