

HSCNI World Antibiotic Awareness Week Symposium

Reducing Antibiotic Use through Behavioural Science

Monday 13 November 2017

10am to 4pm

Antrim Civic Centre

The programme will cover the use of behaviour science and quality improvement methods to reduce antibiotic use in community and hospital settings. The final programme will be shared in due course.

To confirm your place, email gemma.askew@hscni.net and alison.mccusker@hscni.net
