

A quick, free scan for all men aged

65

Did you know?

Around 1 in 40 men
aged 65 have an
abdominal aortic
aneurysm (AAA)

All men in Northern Ireland in their 65th year will receive an invitation for an ultrasound scan that looks for swelling in the aorta (AAA).

This can be life-threatening if left untreated. Look out for your invite in the post. Men over 65 can request a scan through the central screening office on 028 9063 1828. For further information, contact your GP or visit www.publichealth.hscni.net
